# Examination Results

## Attainment

At EBN Academy all students are given the opportunity to study 5 or more GCSE qualifications including GCSE English and Maths. The table below shows a summary of students attainment since 2018 (the total number of students sitting examinations is given in brackets after the year). Given the uneven impact of the pandemic on school and college performance data, the government has said direct comparisons between performance data for one school or college and another, or to data from previous years should not be made.

## Progression

All students at the academy receive detailed advice to support them in their career path choices at the end of Key Stage 4. This coupled with the focus on ensuring the best possible outcomes for all students' means that students leave the Academy equipped for the next stage of education, employment or

training. Following the summer of 2023 94% (30/32 students) students had secured a college placement, apprenticeship, sixth form place, work placed learning placement or employment opportunity.
